

10th December, 2025

Dear parent/guardian,

Mickleham Primary School is looking forward to another great year of teaching and learning and would like to advise you of our voluntary financial contributions for 2026. The payment of \$350.00 can be made in one lump sum or four small payments.

Schools provide students with free instruction to fulfil the standard curriculum requirements and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support, whether that is through fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer. **The Education Department funding covers all costs associated with staffing, buildings and utilities. We depend upon parent contributions and fundraising to cover all costs associated with student and classroom resources, including book packs and curriculum consumables.** The extent of the programs we are able to provide is significantly impacted without your support.

Within our school this support has allowed us to provide an enriched teaching and learning program for every student and is highly valued by our school community. The commitment from parents to contribute benefits students and results in improved achievement outcomes, wellbeing and engagement in learning.

At Mickleham Primary School, we design and develop teaching and learning programs drawing on the best educational knowledge and practices and strive to offer broad and enriched opportunities to students that are above and beyond what is required in the standard curriculum and what is provided for by Government funding.

The support has also allowed us to continue to provide a differentiated curriculum that responds to the learning of all students, provide essential learning resources to students, renew and enhance the provision of digital technology throughout the school and improve assessment practices to ensure teaching is targeted to a student's next learning step.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

Julie Le Guen
